Services

All clients have varying needs and setups. We specialize in custom design for your server and data access to fit your business needs. ProTek ensures that you are backed up on and off site. We restore your PC to its original configuration when viruses and malware corrupt your system. We customize your server, network and computers for your business and maintain your system throughout the year.

Support

- Service charge waived
- Quoted projects available
- Service contracts
- Free estimates
- Referral discounts
- Extensive product knowledge

Hourly rate \$95.00
